7.1.6: Quality audits on environment and energy are regularly undertaken by the institution. The institutional environment and energy initiatives are confirmed through the following

environment and energy certificate

7.1.5: Green campus Policy

1. Purpose

The University is dedicated to promoting environmental sustainability by encouraging eco-friendly actions and minimizing plastic waste. This policy highlights our commitment to cultivating a green campus and phasing out single-use plastics.

2. Scope

This policy applies to all members of the university, including students, faculty, staff, and visitors, across all university premises and events.

3. Policy Statement

The University strives to:

- Develop a campus that supports environmental sustainability.
- Raise awareness within the university community about sustainability and waste minimization.
- Eradicate the use of single-use plastics on university grounds.

4. Implementation Strategies

A. Green Campus Initiatives

- **Energy Efficiency:** Implement energy-saving measures in university buildings, including the use of LED lighting, energy-efficient devices, and smart thermostats.
- **Sustainable Transportation:** Promote eco-friendly transportation options like public transit, cycling, walking, and carpooling. Install bike racks and offer shuttle services.

Dev Sanskriti Vishwavidyalaya
Gayatrikunj- Shantikunj, Haridwar- 249411

- **Waste Reduction:** Introduce a comprehensive recycling program, including composting for organic waste, and provide clearly labeled recycling bins across campus.
- **Green Spaces:** Preserve and expand green spaces, including gardens and tree-planting efforts to enhance campus biodiversity.

B. Plastic-Free Commitment

- **Ban on Single-Use Plastics:** Prohibit the sale and distribution of single-use plastics, such as bags, straws, utensils, and containers on campus.
- **Promotion of Reusables:** Encourage the use of reusable containers, water bottles, and bags. Offer discounts at campus vendors for individuals using their own containers.
- **Educational Campaigns:** Host regular workshops and seminars to raise awareness about plastic pollution and the significance of sustainability.

5. Roles and Responsibilities

- **University Administration:** Oversees policy implementation and allocates resources for sustainability efforts.
- **Sustainability Committee:** Monitors progress, suggests improvements, and reports on sustainability initiatives to the university community.
- **Faculty and Staff:** Expected to integrate sustainability into their daily tasks and support campus initiatives.
- **Students:** Encouraged to participate actively in sustainability programs and adopt environmentally friendly practices.

6. Monitoring and Evaluation

The University will evaluate the success of this policy through:

- Surveys and feedback from the university community.
- Routine audits of campus waste management and recycling practices.
- Regular progress reports from the Sustainability Committee.

7. Compliance

All members of the university community are expected to adhere to this policy. Non-compliance may result in corrective actions or penalties as per university regulations.

8. Review and Amendments

This policy will be reviewed annually and updated as necessary to ensure ongoing effectiveness and alignment with sustainability best practices.

Campus News

'World Earth Day was celebrated by the Department of Environmental Sciences of the University today. Under these various competitions like poster making, quizzes and speech competitions were organized in the department. All the students of the department enthusiastically participated in these competitions.

Dr Umakant Indolia, Deputy Registrar of the University and Dr Arunesh Parashar, Head of the Department of Tourism Management attended the program as chief guests.

DEV SANSKRITI VISHWAVIDYALAYA

Action Taken Report: Clean and Green Campus Initiative : Dev Sanskriti Vishwavidyalaya (DSVV) has implemented several actions to maintain a clean and green campus environment:

- **Environmental Audits :** The institution regularly conducts green audits and environmental audits to assess its ecological impact and identify areas for improvement
- **Energy Conservation :** DSVV has undertaken energy audits to optimize energy consumption and promote sustainable practices across the campus
- **Waste Management :** The University has implemented comprehensive waste management systems, including segregation and proper disposal of different types of waste.
- **Green Landscaping :** Efforts have been made to enhance the campus greenery through tree planting initiatives and maintenance of green spaces.
- **Awareness Programs :** Regular awareness campaigns and workshops are organized to educate students and staff about environmental conservation and sustainability.

Achievement Report: Clean and Green Campus Initiative : Dev Sanskriti Vishwavidyalaya has made significant strides in its clean and green campus initiatives:

- **Recognition and Awards :** The institution has received clean and green campus recognitions/awards, acknowledging its commitment to environmental sustainability
- **Beyond Campus Impact :** DSVV has extended its environmental promotion and sustainability activities beyond the campus, influencing the wider community
- **Reduced Carbon Footprint :** Through energy conservation measures and green practices, the university has successfully reduced its overall carbon footprint.
- **Increased Biodiversity :** The green initiatives have resulted in an increase in campus biodiversity, creating a more vibrant ecosystem.
- **Student Engagement :** There has been a notable increase in student participation in environmental activities, fostering a culture of sustainability among the youth.
- **Resource Efficiency :** The implementation of energy-saving measures has led to improved resource efficiency and reduced operational costs for the institution. By consistently undertaking quality audits on environment and energy, Dev Sanskriti Vishwavidyalaya has demonstrated its commitment to creating a sustainable and eco-friendly educational environment

Environmental Initiatives at Dev Sanskriti Vishwavidyalaya

Dev Sanskriti Vishwavidyalaya (DSVV) has implemented a noteworthy environmental initiative called "**Degree Ho Pana To Paanch Vriksha Lagana**" (Plant five trees to get a degree). This program demonstrates the institution's commitment to environmental preservation and sustainability beyond its campus boundaries

Program Overview

The initiative requires students to plant five trees as a prerequisite for obtaining their degree. This innovative approach not only contributes to increasing green cover but also instills environmental responsibility in students

Implementation and Participation

Student Engagement:

For the academic year 2022-23, the program saw significant participation:

- Total number of students involved: 357
- Total number of trees planted: 1,785

This data indicates full compliance and successful implementation of the program, with all participating students meeting the tree-planting requirement

Documentation Process

The university has established a structured documentation process for this initiative:

1. **Tree Planting Form:** Students are required to fill out a detailed form that includes:
 - Student's name, course, and department
 - Date and location of tree planting
 - Types of trees planted
 - Geographical coordinates of the planting site
2. **Photographic Evidence:** Students must provide at least three photographs documenting their tree-planting activity

Diverse Participation

The program encompasses students from various academic disciplines. For instance:
