## Message from the Chancellor

Dear Students,

I would like to express my appreciation for your interest in the Dev Sanskriti Vishwavidyalaya (DSVV).

Should you be accepted to attend, I believe it would result in a dramatic and auspicious change in the direction of your life and after graduation, you would have every reason to believe that, as an important member of society, your contribution to the world's cultural renaissance will be vital and with an identity of its own. The society at large is eager to welcome the inspired social servants who bear insignia of this university of excellence.

Unfortunately today, education is increasingly being seen as a way for students to increase their earning potential. I believe this development reflects a one-sided and incomplete understanding of the true purpose of education. The primary aim of fostering in the student, a multi-dimensional personality equipped to face the challenges of practical life and the cultivation of the hidden qualities and potentialities in the student, has been all but abandoned completely.

This is absolutely not the case at the DSVV. Here the goal of applying the ancestral wisdom of India for the purpose of developing each student into a great and noble citizen, who is prepared to contribute and serve the society; is our primary focus. In this regard, the DSVV is a magnificent and unique creation. It is truly the manifestation of a divine plan of the almighty God, executed through the Sage, Saint and Seer, Pt. Shriram Sharma Acharya. Throughout his life, he was guided to pursue a vision of reviving the ancient Rishi traditions and to re-establish and uplift the current deteriorating state of Indian culture. DSVV is a crucial component of this divine plan.

Whether or not you decide to apply for admission to the DSVV, allow me to say that if you can extract yourself from the attractions and illusions of the "earn and consume" mentality, it will be a step that bodes extremely well for both your future happiness and for the contributions to society that you will go on to make.

Please allow me to commend you for considering this path.

## Shantikunj - Headquarter, All World Gayatri Pariwar : Parent Institution

[www.awgp.org](http://www.awgp.org)

Shantikunj was founded by the Saint-Scholar-Philosopher par excellence, **Pandit Shriram Sharma Acharya**, who in his youth was also a celebrated freedom fighter. Shantikunj has emerged over the years as a unique center and fountain-head of a global movement of Yug Nirman Yojna (Movement for the Reconstruction of the Era) for moral-spiritual regeneration in the light of hoary Indian heritage. It is the head-quarter of Yug Nirman Yojna of the All World Gayatri Pariwar, which is being followed by more than hundred million individuals all over the world.

Through the seer-vision of the Yug-Rishi (Saint of the Era), the founder, organizer and patron, who was born on 20th September 1911 in the village Anwalkhera, Agra (U.P. India). Shantikunj has grown into a spiritual academy of moral, ethical and

spiritual awakening of the masses in India carrying the seer-vision of Acharyashri with the message of love, peace, understanding and unity-in-diversity to all corners of the globe. The gist of *Yugrishi's* message is the lighting up of human consciousness to a higher and nobler realm of light, love and life instincts with divine harmony and joy. *Vandaniyaa* (Revered) Mata Bhagvati Devi Sharma, has been the foremost collaborator and disciple of Gurudev. She contributed the most in giving concrete shape to the ideals and dreams of Pujya Gurudev. The smooth working of this vast organization is based on voluntary contribution of one rupee, one handful of grain and one hour daily for mission work by millions of its devotees.

Shantikunj is devoted to a cultural, ethical, moral and spiritual awakening in the midst of a

national integration. Development of divinity in mankind is the foremost goal and avowed objective. Pledged for national peace, prosperity, amity, love, goodwill and fraternity irrespective of region, religion, faith, caste, creed etc. Shantikunj is a unique abode true to its name. Visitors of all faiths & linkages are glued to the Ashram (Spiritual Center), they visit and view its peace & fraternal treatment. The courteous ovation and pleasing treatment add glory to the solemn attraction making visitors want to come here again. Expansion of national unity, amity and brotherhood with extinction of ignorance, jealousy, hatred and strife from the world are being attempted at Shantikunj by popularizing Gayatri Mantra, Yagya and Sanskaars (sacramental rites), the adoption of which invokes celestial thoughts and inspires for divine deeds. The divinity may be seen firmly fixed in every activity of this holy pilgrimage.

## A Visionary's Dream: Dev Sanskriti Vishwavidyalaya

Fifty seven years ago, **Kulpita Pandit Shriram Sharma Acharya (1911-1990)**, scholar-saint and founder of the All World Gayatri Pariwar, dreamt of an unique university that could combine the precepts of practical knowledge (Shiksha) and spiritual education (Vidya) to create truly enlightened students. The well rounded and dynamic students of university would channelize their efforts towards the goal of a divine, value based society. They would follow a simple and spiritual lifestyle. They would also aspired to have the benefits of state-of-the-art facilities and the wisdom of ancient traditional practices.

The foundation was laid in 1999 under the flagship of the mother institution, Shantikunj. In April of 2002, the vision became reality when the university was recognized by the University Grants Commission, India. Now, this university has truly become the catalyst for spreading the divine culture, irrespective of caste, creed, region and religion. Unlike most universities, DSVV caters to all aspects of its students' lives which includes academic, cultural, social and spiritual. The ultimate objective of the students at DSVV is not to increase their financial capacity but to mould themselves into responsible citizens, who can contribute to the development of a just and prosperous society. Students and teachers at DSVV are equally committed to this goal. Together, they pursue innovative local solutions to problems of global scope and significance. By observing a healthy, simple lifestyle with a focus on ancestral Indian cultural values, the students would maintain the vitality of the Vedic tradition. Yoga, Yagya, collective prayer and meditation are integrated into their academic routine.

## An Illustrious Establishment

The seeds of the university were sown when **Kulmata, Bhagwati Devi Sharma (1926-1994)** recognized the divine samskaras (spiritual vibrations) of this place. Her Holiness Vandniya Mata ji felt the divine spiritual energy of this awakened land during Shradhanjali Samaroh organized in 1990. After the Bhoomi Poojan on 23<sup>rd</sup> May 1999, the construction started and Dev Sanskriti Mahavidyalaya came into existence. The college gained the status of 'Dev Sanskriti Vishwavidyalaya' on the basis of an act (22.01.2002) passed by state legislature and notified in the gazette vide notification no. (123/vidhayi & sansadiya karya/2002 dated 11-4-2002). The university is recognized by University Grant Commission, India under the 1956 act section 2(F) and also has been duly certified by ISO 9001:2015 on 27.01.2014 and accredited by NAAC with 'B' grade on 14.09.2015. The university was also awarded as 'Best University of the Year 2019 for holistic education' by Academic Insight Magazine.

*“There is need for an educational institution which could mould its students into noble and enlightened human beings: selfless, warm-hearted, compassionate and kind.”*

- Param Pujya Gurudev Pandit Shriram Sharma Acharya

## Dev Sanskriti Vishwavidyalaya (University)

[www.dsvv.ac.in](http://www.dsvv.ac.in)

DSVV's greatest strength lies in the unique vision of its patron visionary, **Yugrishi Pt. Shriram Sharma Acharya**; together under whose aegis science and spirituality has been brought together under one roof. The volunteer based model brings an environment that values teaching, learning, research and all other activities. DSVV offers its learners a home away from home where students and faculty members learn and grow together. The residential campus at the foothills of Himalayas and lap of Ganga presents a serene environment for holistic development of personality.

Dev Sanskriti Vishwavidyalaya (University) was established in 2002 in Haridwar, Uttarakhand at the foothills of the Himalayas in the vicinity of the holy Ganges. Surrounded by lush Himalayan vegetation, the campus spreads over 76 acres of land and is equipped with an excellent infrastructure and dedicated faculty, staff and knowledge-seeking students. The university is duly recognized by the

University Grants Commission New Delhi, certified by ISO, accredited by NAAC and is privately financed by Shri Vedmata Gayatri Trust, Shantikunj, a renowned socio-spiritual organization.

The University was established to meet the pressing need of a high quality educational system based on scientific spirituality and grounded in a spiritual life style. Cultivating a culture of ethical, moral and spiritual transformation of youth is DSVV's first priority. Excellence in character, indomitable courage, firm determination and an intense love for labor are the traits of our students. Born out of the vision of Patron founder **Yugrishi Pandit Shriram Sharma Acharya**, we focus on the confluence of modern education with instilling human values. Molded in spiritual environment, in this fully residential university, several curricula have been started that are based upon the basic elements of Indian Culture. In a short time, this university has achieved many accolades not only in India but also abroad. A large number of MoUs have

been signed with various national and international organizations by the university in the field of research and student & faculty exchange programs.

Along with an excellent domain focused approach, sectoral excellence and a widely knitted outreach connect, we try to build individuals with spirituality as their locus of control and help them excel holistically through our meticulously designed curriculums and dedicated faculty. The combination of traditional gurukul style of teaching with most modern curricula leads to holistic development of students. The university today, hosts students from all states of India along with those from several other countries like Korea, Japan, Iran, Malaysia, China, Russia, Spain, Latvia, Lithuania, Germany, Taiwan, Czech Republic, USA, Australia, Sri Lanka, Vietnam, Nepal, Bhutan etc. Within a short span of time since its inception in 2002, the University has taken rapid strides towards achieving its goals by imparting contemporary education (Shiksha) with spiritual wisdom (Vidya).
