# Celebrating New Year

There was a piece of land left useless for years. Once while passing through that way a farmer looked at that piece of land. He immediately took notice of it. He thought of a big plan for that land. He ploughed that land and sowed some seeds but all in vain as seeds could not germinate at all. He tried again and did the same thing. But once again his efforts bore no fruits. But he did not lose his heart. So once again he tried his best. He again ploughed the land and sowed the seeds of some plants. The rainy season was in its full swing. The thirsty land fully quenched its thirst. And the day came when the seeds sown by the farmer took the form of plants. With the passage of time all the plants took the form of long trees. Now a beautiful and charming garden was there on that land. While passing through that way people would stay for a moment and surprisingly would see the charming garden with so many trees laden with flowers and fruits.

Our dear students, our life remains like a barren land so long as we are in laziness and idleness and so long as we don't understand the value of our life and time. Our life too could grow like trees and reach the peak of glories and success provided that we tirelessly make honest and sincere

efforts towards right direction as did the farmer. The seeds sown in time bear fruits so we must understand the value of time and sincere efforts. William Shakespeare has rightly remarked: if you kill time, the time will you. The reverend gurudev Yugrishi Sri Ram Sharma Acharya has rightly observed: life means time so those who love lives do not waste time in idleness. Student life is the golden period of your life. Your future dreams, desires and hopes depend upon it. You are also the future of the nation so you have a great responsibility on your shoulders. It is a period of preparations for a better and bright future.

Clay is a soft thing and the potter designs various things out of the clay. Likewise you are the potter and the designer and your life is just like the clay. You can give the same shape and design you want to give to your life. With the end of the year 2018 we have entered the New Year 2019.

People celebrate the New Year in their own ways but we want you to celebrate the New Year with a new innovation, a new enthusiasm a new idea, a new resolution, determination and commitment so that you could fulfill your dream and celebrate every moments of your life like a festival. Wishing you all a very very happy New Year.

## कुल्हड़, आज की मांग

**कुल्हड़ की मांग में हो रही है हर दिन बढ़ोतरी -**

आज जब देश में हर तरफ विकास की बात हो रही है तो सरकार की मंशा गरीबी हटाने जैसे संवेदनशील मुद्दों पर भी खासा ध्यान दे रही है।

देश के आजाद होने से पूर्व बापू महात्मा गांधी ने नारा दिया था 'अंग्रेजों भारत छोड़ो' वहीं इस सरकार ने विकास को ध्यान में रखकर गरीबों के उत्थान के लिए एक नारा दिया 'गरीबी हटाओ' सवाल यह कि गरीब है कौन? यह कौन लोग होते हैं?

ऐसे ही आज के गरीबों में शामिल है, कुल्हड़ बनाने वाले मजदूर। जो इस बात पर बेहद खुश हैं कि देश के प्रधानमंत्री गरीबी हटाओ जैसे संवेदनशील मुद्दों पर बात कर रहे हैं पर उदास इससे उनकी इस कला के मेहनत का उन्हें जायज मूल्य तक नहीं प्राप्त होता।

**कुल्हड़ के प्रति क्रेज -**

आज बाजारों में वृद्धजन से लेकर युवाओं तक कुल्हड़ के प्रति दीवानगी देखने को मिल रही है। लोग कुल्हड़ में परोसी गई चाय व कॉफी को ज्यादा पसन्द कर रहे हैं, बजाय प्लास्टिक और पेपर से बने कप के। यहां तक कि आज शादी-विवाह जैसे तमाम कार्यक्रमों में भी मिट्टी से बने कुल्हड़ों में विभिन्न सामग्रियों को परोसा जा रहा है। यूपी- बिहार में तो हमेशा से ही मिट्टी से बने कुल्हड़ों में चाय पीने का चलन रहा है पर इसका दायरा अब लगातार बढ़ रहा है।

**समय-समय पर हुए हैं कई प्रयास -**

दिल्ली में कुल्हड़ मजदूरों के नाम की एक फेमस गली है, जहां इसका व्यवसाय धीरे-धीरे फल-फूल रहा है। बात करें उस समय की जब तत्कालीन रेलमंत्री लालू प्रसाद यादव ने रेलवे के हर स्टेशनों पर चाय बेचने के लिए कुल्हड़ को अनिवार्य कर दिया था पर यह कोशिश भी ज्यादा दिन तक चल न सकी और थर्माकोल और पेपर से बने कप ने इसकी जगह ले ली। आज के समय में इन मजदूरों के लिए फिर आशा की किरण

तब दिखी जब प्रधानमंत्री नरेंद्र मोदी ने मिट्टी से बने सामानों के प्रति जोर दिया और उन्हें सरहदी दीवारों को तोड़कर बाहर विदेशों तक पहुंचाने की बात कही।

यह सच भी है कि भारत की संस्कृति और सभ्यता में मिट्टी से बने बर्तनों की हमेशा से प्राथमिकता रही है और इसका जीता जागता उदाहरण ओडिशा के पूरी में जगन्नाथपुरी मंदिर में रोजाना बन रहे प्रसाद से लगाया जा सकता है, जो आज भी मिट्टी के बर्तनों में ही तैयार होते हैं। यहां तक कि इलाहाबाद (अब प्रयागराज) में लगने वाले कुंभ में इस वर्ष प्रदेश सरकार ने प्लास्टिक और कागज से बने कप पर प्रतिबंध लगाकर मिट्टी से बने कुल्हड़ों को अनिवार्य कर दिया और इनको बनाने वाले मजदूरों को घाटों पर बकायदा जगह मुहैया कराया है।

**धरातल पर बात अलग -**

इन सब बातों से परे धरातल पर बात अलग ही दिखाई देती है। इसको जानने के लिए जब मैंने मिर्जापुर, भदोही और बनारस के कुल्हड़ मजदूरों से बात की तो उन्होंने मेहनत के मॉर्फिक मुनाफा कम बताया। उनकी दशा देखकर ही इसका अंदाजा लगाया जा सकता है।

चाय बेचने वाले दुकानदारों से बात करने पर पता चला कि वे कुल्हड़ ५० से ६० पैसे प्रति नग से खरीदते हैं और कुल्हड़ बनाने वाले मजदूरों ने बताया कि वे इसे बिचौलियों की मदद या दुकानदारों से सीधे संपर्क कर इसे ३० से ४० पैसे प्रति नग से बेचते हैं। यानी कि

# Students Corner

इस हिसाब से ३० रूपये में १०० पीस।

उनकी मेहनत का अंदाजा लगाएं तो पहले चिकनी मिट्टी की व्यवस्था करना, जो वे खनन मजदूरों या व्यवसायियों से खरीदते हैं, उन्हें साफ कर बारीक सुखाना फिर चाक पर उन्हें गढ़कर धूप में थोड़ी देर रखने के बाद आग की लपटों में उन्हें पकाना। जितना आसान ये लगता है, उतना यह है नहीं। बार-बार चाक घुमाने में आज के युवक के पसीने निकल जाए, गर्म लपटों की तो बात ही दूर है।

आज के समय में मशीनों के आ जाने से भी कुल्हड़ों को चाक पर बनाने की कला धीरे-धीरे विलुप्त हो रही है। दूसरी तरफ इससे जुड़े मजदूर अब इतनी मेहनत के बजाय अन्य जगहों पर मजदूरी करने को विवश है। यही कारण है कि भदोही जिले के गोपीगंज मार्केट या बनारस के तमाम ऐसे इलाकों से धीरे-धीरे यह मजदूर अब लगातार कम हो रहे हैं। ऐसा नहीं है कि वे अन्य जगहों पर कार्यरत हैं, मुनाफा ना होने पर वे कुल्लड़ मजदूरी से तौबा कर रहे हैं।

बहुतयात लाभ -

मिट्टी से बने बर्तनों में हमेशा से ही खाना या चाय परोसा जाता रहा है। इसमें मिट्टी की सौंधी सी स्वाद और स्वास्थ्य के लिए यह हमेशा से सेहतमंद रहे हैं। जहां एक और प्लास्टिक

से बने कप में कैंसर जैसे संकीर्ण बीमारी की बात सामने आती रही है तो वहीं पेपर से बने कप पर भी अब गलत प्रभाव की बात सामने आ रही है। जिस पर मोम कोटेड होने से गर्म पदार्थ के साथ पिघलकर शरीर को हानि पहुंचाने वाली कई बातें विशेषज्ञों द्वारा बताए जा रहे हैं, जो सेहतमंद स्वास्थ्य के लिए बिल्कुल भी ठीक नहीं है।

कैसे सुधार हो -

सुधार की दृष्टि से देखें तो आज मार्केट में जैसे मिट्टी के कुल्हड़ों की मांग बढ़ी है, यह इसके मजदूरों के लिए बढ़िया संकेत है पर उनकी मेहनत का उन्हें उसी के मॉर्फिक मुनाफा नहीं हो पाना इसकी एक महत्वपूर्ण कमी भी है। जो अ1सर बिचौलियों द्वारा उत्पन्न किए जाते रहे हैं, तो जरूरत है इसकी मांग की और ऐसे मजदूरों को सीधे मार्केट उपलब्ध कराने की। चूँकि दिनभर मजदूर इन्हें बनाने में व्यस्त रहता है तो उसे बेहतर मार्केट उपलब्ध कराना सरकार की प्राथमिकता होनी चाहिए। जिससे इसकी मांग और पूर्ति के साथ मजदूरों को भी मेहनत के मॉर्फिक बढ़िया मुनाफा प्राप्त करने में मदद मिलेगी।

## Dev Sanskriti Vishwavidyalaya And Shantikunj Honoured For Cleanliness Campaign

In a felicitation ceremony, Dev Sanskriti Vishwavidyalaya and Shantikunj were honored by the Municipal Corporation of Haridwar for carrying out Cleanliness Campaign. It is to be noted that the Cleanliness Campaign is carried out all over the country from September 15 to October 2. The Municipal Corporation of Haridwar honored the NGOs, Universities, institutions etc. who played leading roles in the campaign.

This campaign was conducted on large scale by DSVV and Shantikunj. Programs like shramdaan under “Cleanliness is the Service”, poster, rangoli, slogan, pamphlet distribution, etc. were organized. All of these programs have become an integral part of the University and the Shantikunj. The idea of Shramdaan and Anshadaan is now being recognized all over the country.

On behalf of the University and the Shantikunj, the honor was received by Shri Hari Mohan Gupta, Dr. Arunesh Parashar and Shri Narendra Thakur. There were many dignitaries who along with the Municipal Commissioner, Dr. Lalit Narayan Mishra, honored the institutions.

There is need for an educational institution which could mould its students into noble and enlightened human beings: selfless, warm-hearted, compassionate and kind.
