## **POLICY FOR QUALITY ASSURANCE**

### **Preamble**

The University's approach to quality management is about finding ways to provide a learning experience to students which ensures the fulfillment of universities vision of Value based education. It becomes highly important that we continuously nurture a conducive environment for a better tomorrow through continuous improvement and customization. Quality is an ongoing pursuit at DSVV and all its initiatives are taken in the light of its quality policy

### **Purpose of quality assurance**

Dev Sanskriti Vishwavidyalaya is a unique endeavor in the field of modern education and has been laid down on the principles and teachings of its chief patron Yugrishi Pt. Shriram Sharma Acharya, who envisioned an academic institution that can fulfill the need of molding students into noble and enlightened human beings: selfless, warm-hearted, compassionate and kind individuals.

Quality have had been a regular part of his life and teachings; and when it comes to enhancing the quality of society by uplifting the quality of individual's life, he was very firm and non-compromising.

The University's approach to quality management therefore is about finding ways to provide a learning experience to students which ensures the fulfillment of universities vision of Value based education. It becomes highly important that we continuously nurture a conducive environment for a better tomorrow through continuous improvement and customization. Quality is an ongoing pursuit at DSVV and all its initiatives are taken in the light of its quality policy

The purpose of the quality assurance policy is to ensure overall quality of the processes and robust the system by practicing continuous improvement.

The quality assurance policy thus contains both the university's overall vision for education and learning, including principles for quality assurance, as well as a number of objectives for this work. The quality assurance policy supports Dev Sanskriti Vishwavidyalaya's strategy in the field of education and also contributes to develop new approaches as and when found required.

Quality assurance is defined as the total of all activities and methods aimed at systematically and purposefully developing and documenting the quality of the university's efforts in the field of education.

### **Vision for education and learning at Dev Sanskriti Vishwavidyalaya**

At Dev Sanskriti Vishwavidyalaya, the vision of the chief patron Yugrishi Pt Shriram Acharya works as an honor code and gets reflected in all our endeavors.

Born out of a unique vision of the Chief Patron Vedmoorti Taponishtha Pt. Shriram Sharma Acharya, the University is an educational institution, dedicated to mold its students into noble and enlightened human beings: selfless, warm-hearted, compassionate and kind individuals.

Along with an excellent domain focused approach, sectoral excellence and a widely knitted outreach connect, we try to build individuals with Spirituality as their locus of control and help them excel holistically through our meticulously designed curriculums and dedicated faculty.

Dev Sanskriti Vishwavidyalaya offers educational programmes that are characterised by their strong value based approach along with academic professionalism. The good study environment is constantly in focus as an important element in student learning.

### **Principles for quality assurance**

Quality assurance at Dev Sanskriti Vishwavidyalaya is based on patron funder Yurishi Pt. Shriram Sharma Acharya's vision for education and learning, and is supported by the following principles:

- Overall responsibility for quality assurance to be carried out in collaboration between different stakeholders.
- Quality assurance starts with the meeting between the students and the academic staff, who are the primary participants in the quality assurance and the development of the different programmes. The university is characterised by having highly qualified staff, for which quality assurance is an integrated part of the activities of the university.

- Going forward, quality assurance is founded on participative dialogue and knowledge sharing. Quality assurance supports a systematic and sustained development of quality within the entire field of education.
- External stakeholders must be involved on an ongoing basis as part of the evaluation and development of quality assurance.

### **Quality Policy**

***“Committed to impart the global standards in education and striving for excellence while ensuring the ethical and moral accountability in students, teachers and processes”***

### **Quality Objectives**

- To ensure that the quality of academic programmes meet standards expected by the stakeholders.
- Strategic and systematic promotion of Quality enhancement
- Embedding quality enhancement actions within the work that is already undertaken at all levels across the University avoids unnecessary creation of systems or duplication of activity
- Systematic use of stakeholder experiences to improve course and curricula and to plan development and training programmes for staff.

### **Mechanism**

In pursuit of its mission DSVV will

- Deliver value based education to build students with great courage , commitment character and competence
- Preach students through conduct
- Provide platform for development of both values and skills
- Explore and inculcate best practices by sharing the learning and experiences at national and international level.
